

We are seeking support for our inaugural JuxtaFaire; a fun, family-friendly artisan market on the campus of JuxtaHub in Emmaus.

JuxtaHub is a 501(c3) nonprofit organization serving the Greater Lehigh Valley. We are a new Arts & Innovation Center and sharing the creative experience. We are the hub where art and technology intersect. Our approach is simple: We've built a community that encourages collaboration and provides opportunities for people to gather, create, and grow.

Your support for JuxtaFaire and initiatives like these ensures that we can continue to build and serve as a hub for our community.
